

Customer Relationship Management

About the Programme

This module highlights the salient features of customer relationship management. It will also explore the importance of service standards in Islamic financial services and the prominence of efficient and effective strategy for customer retention and loyalty.

Learning Outcome

At the end of the module, learners should be able to:

- Distinguish the differences between Islamic and conventional business financing offerings;
- Categorise the type of Islamic consumer financing and applicable Shariah contracts in structuring and monitoring the facilities;

- Analyse the packaging and structuring of Islamic financing facilities; and
- Comprehend the issues and concern in Islamic consumer financing.
