

Islamic Financing Facilities Monitoring and Management

About the Programme

This module is intended to upscale learners with comprehensive knowledge in monitoring and management of Islamic financing facilities. In addition to that, this programme is designed to sharpen learners skills to carry out systematic assessment of non-performing financing for close monitoring, propose viable options to management in handling problem accounts and provide strategies for recovery.

Learning Outcome

At the end of the module, learners should be able to:

- Outline credit assessment and processes;

- Comprehend problematic financing account in Islamic financing facilities;
- Differentiate between rescheduling, restructuring and refinancing and their relevance in financing review and monitoring; and
- Scrutinise an ethical and effective debt collection practice and to illustrate debt recovery procedures.
