## About the Programme

**IQIF Banking** is designed to equip learners with the knowledge on specific functional areas of Islamic Banking. Comprising of ten (10) modules, the learners will go through in detail for example, a bank's main activity starting from deposit-taking activities leading to credit and financing-related activities for both consumer and business segments.

## Learning Outcomes

At the end of the module, learners should be able to:

- Identify and categorise the type of Islamic consumer and business financing products and applicable Shariah contracts in structuring and monitoring the facilities;
- Apply the principles of credit assessment and processes;
- Evaluate Islamic documentations including its legal procedures;
- Demonstrate comprehension on the theory and principles of deposit and investment and to appreciate its importance to financial institutions and economy;
- Operate various Islamic Trade Finance products and its operational structure from Islamic perspective;
- Demonstrate the importance of treasury including its operation, function and Shariah contracts involved; and

- Apply the terms, concepts and theories related to marketing Islamic financial services in line with Shariah values.

## Entry Requirement

- AQIF

## Assessment

- 100 Multiple Choice Questions
- 60% Passing Marks
- Remote Examination (Online)
- 2 Hours 30 Minutes
