About The Programme

IBFIM's Microlearning features fundamental level Islamic finance topics that are derived from FOSIF, which is the core module for Associate Qualification in Islamic Finance (AQIF), Certified Professional Shariah Audit (CPSA) and Islamic Professional Credit Certification (iPCC). FOSIF module consists of Shariah theories, principles and focuses on key Shariah contracts applicable in Islamic banking practices. Hence, IBFIM's Microlearning provides the opportunity for learners to be FOSIF certified through self-learning mode.

Completion of FOSIF through IBFIM Microlearning is a prelude to IBFIM's progression pathway i.e. AQIF, CPSA and iPCC. The present restriction movement accelerates the concept of self-learning where eligible banking institutions can upskill their workforce remotely. IBFIM's Microlearning provides the flexibility for banks' staff to learn at their own pace remotely. In addition, the Microlearning topics are suitable for all level of learners, from entry level to middle executives and above.
